REQUIREMENTS FOR ENROLLMENT

(Disregard if you already hold a Master of Acupuncture of AOM degree)

The ITEA Acupuncture Program assumes certain prerequisites, or courses outside the program which are required for admission, entrance into the second year, and graduation. Please indicate how you have successfully completed (or are in the process of completing) the following requirements:

A minimum of 76 semester credits from an accredited college or university recognized by the U.S. Department of Education.

Four of these hours must be in chemistry, four in Biology and eight in Anatomy & Physiology.

Please indicate any courses in progress, or not yet begun with an asterisk. All completed course work must be verified by sending an official transcript from the accredited college or university directly to ITEA.

Chemistry	Biology	Anatomy & Physiology

QUESTIONNAIRE

1. If you have had acupuncture treatment, describe your personal experience of what it has meant for you. It is recommended that you have had Classical Five-Element Acupuncture treatment before starting the program. If you have not had it, explain how you feel it could help you and support you ?

2. What do you feel are the qualities of a good practitioner?

2. What do you anticipate the most exciting part of the course? The most difficult?

2. What led you to the study of acupuncture rather than another occupation?
